Canvassing Municipal Primary, General, and Special Elections

What is the canvass?
Canvass is a proceeding required by law in which the materials, equipment, and results of an election are reviewed, corrected, and officially recorded prior to the certification of that election. The canvass is a public meeting.

Who is the Board of Canvassers?
1. Municipal primary, general, or special election NOT held in conjunction with any county or state election
   Municipal governing body

2. Municipal primary, general, or special election held in conjunction with any county or state election
   County Commission

NOTE: A quorum of the governing body constituting the board of canvassers must be present to conduct the canvass. If a quorum is not present at the start, the meeting will stand adjourned until the next day. The meeting may recess from time to time if a quorum is not present. If the canvass cannot be completed in one session, the meeting may adjourn, but for no longer than absolutely necessary. All procedures must be conducted under the supervision of a quorum of the board. (W. Va. Code §3-6-9)

Who is the presiding officer at the canvass?
The presiding officer of the governing body

Who assists with the canvass?
- For canvasses conducted by the county commission
  County Clerk

- For canvasses conducted by municipal governing body
  Municipal Recorder

When is the canvass held?
- Primary elections
  The fifth day (not counting Sunday) after the election. If the fifth day falls on a Saturday, Sunday or legal holiday, the canvass begins on the next business day.
  \(W. \text{ Va. Code } \S 3-5-17\)

- General and Special elections
  The fifth day (not counting Sunday) after the election. If the fifth day falls on a Saturday, Sunday or legal holiday, the canvass begins on the next business day.
  \(W. \text{ Va. Code } \S 3-6-9\)
Where is the canvass held?

For a canvass conducted by the county commission  County Courthouse

For a canvass conducted by a municipal governing body  City Hall

NOTE: The canvass is open to the public. However, only persons authorized to participate in the canvass may handle materials. At the end of the canvass all materials are to be re-sealed and secured. (W. Va. Code §3-6-9).

Conducting a Paper Ballot Canvass
W. Va. Code §3-6-9

1. Call the meeting to order --- a quorum of canvassing board must be present. (W. Va. Code §3-6-9(a)(4)).

2. Set the amount of bond for a recount. The bond amount cannot be greater than $300.00 (W. Va. Code §3-6-9(h)).

3. Have the materials for each precinct ready for the canvassing board. **NOTE: Handle only one precinct at a time. Finish all procedures for one precinct completely before starting the next. A precinct worksheet (found in the back of this booklet) should be completed for each precinct as each step is completed. File the information in the election record.**

4. Compare the number of ballots cast on Election Day, early voting and absentee as reported on the Statement of Ballots Used (SBU) and the Absentee/Early Voting Record (AEVR) with the number of ballots cast. Voted paper ballots must be counted manually for comparison. *If the totals are not equal, count the ballot stubs or review the printed reports. Compare them to the number of signatures found on the poll tickets, poll book, or absentee applications.*

5. Open the “spoiled ballot” envelope and count the number of “spoiled ballots.” Compare the number of spoiled ballots to the number reported on SBU and AEVR.

6. Open the “provisional ballot” envelope and count the number of “provisional ballots.” Compare the number of provisional ballots to the number reported on SBU and AEVR.

7. Determine the number of unused ballots, by reviewing the ballot stub numbers on the ballots.

8. Confirm that the total number of ballots received by the precinct equals the total of the ballots voted, the provisional ballots, the spoiled ballots and the unused ballots. If there is a discrepancy, the board of canvassers must make a determination of the difference and document their findings in the record of canvass.

9. Review the absentee ballots by mail received after Election Day that are to be counted. Absentee ballots are accepted if they are postmarked by the United States Postal Service no later than Election Day (W. Va. Code §3-3-5(g)(2)). Faxed/emailed ballots are not to be accepted if they are received after the polls have closed (W. Va. Code §3-3-5(i)). If the ballot is returned by an express shipping service, it must be received by the day after the election (W. Va. Code §3-3-5(g)(1)). If an absentee ballot is from a MILITARY OR OVERSEAS voter, no postmark is required, but the ballot must be received before canvass starts in order to be counted (W. Va. Code §3-3-5(h)).

10. Count the total number of absentee ballots. Place all absentee ballots that are to be counted in one stack. Place all absentee ballots not to be counted in the envelope for precinct.

**Do not open the absentee ballots that are not counted.**
11. Open all of the absentee ballots that are to be counted. Remove the outer envelope and stack the inner envelopes in a pile. Separate and shuffle the inner envelopes to maintain voter secrecy.

12. Open the envelopes and remove the ballots. Remove the ballot stub from each ballot (if applicable) and keep them separate from Election Day stubs. Set aside the ballots that have write-in votes to be tallied separately.

13. Tally each ballot and then continue with the write-in ballots. Once all ballots are tallied, place the absentee ballots, stubs, and all other absentee material back in the precinct envelope. (This includes ballots that were not opened). Document the number of absentee ballots in the record of canvass.

14. Review each provisional ballot. Determine if the provisional ballot is to be counted. (W. Va. Code §3-1-41(e)).

15. There are two methods to make the motion concerning validity of a provisional ballot
   a. You can make the motion for each ballot separately; or
   b. You can make the motion for two groups of provisional ballots: those to be counted and those NOT to be counted.

16. Every effort should be made to maintain the secrecy of the provisional voter. The names of the provisional voters should NOT be announced during the canvass.

**NOTE: WEST VIRGINIA LAW REQUIRES THAT PRIVACY OF PROVISIONAL BALLOTS MUST BE ENSURED.**
If there is only one provisional ballot from a precinct to be counted, place it with ballots from another precinct in the same district and enter the total for that precinct, but make note in the record of canvass. **Provisional ballots that are NOT counted are NOT TO BE OPENED**. They are to remain sealed and maintained with other election materials. (W. Va. Code §3-1-41(e)).

17. Once the decision is made to count a ballot or group of ballots, open the outer envelope of the first provisional ballot. (W. Va. Code §3-6-9(a)(6)). Mark the outer envelope and the front of the inner envelope with the number 1, continue with the other envelopes from that precinct in the same manner, marking those 2, 3, 4 etc. Please note that the provisional ballots are marked and tracked pending any legal action.

18. Shuffle the unopened inner envelopes. Open them one by one and remove the ballot. Number the back of the ballot to match the inner envelope. Check for write-in votes. Place the ballots with write-in votes in a stack to be reviewed following the same procedures as election night.

19. Tally the provisional ballots from each precinct separately. Add the votes to the original returns. Return the ballots to original inner envelopes only by matching the marked numbers.

20. Make an official record of the findings for each precinct, including the comparisons made, number of ballots cast, spoiled, unused, and provisional, etc. (W. Va. Code §3-6-9(a)(6)). If there are any discrepancies, make a detailed note in the record of canvass for that precinct.

21. Keep a copy of the precinct report available for easy access as it may be needed to determine if ballots which do not have the required signatures may be counted. Ballots which do not contain the required poll
clerk signatures may be counted if an accurate accounting is made for all ballots in the precinct in which the ballot was voted. (W. Va. Code 3-6-6(c)(2)).

22. Reseal all precinct materials in the appropriate envelopes. (W. Va. Code §3-6-9(a)(7)).

23. Declare the results. (W. Va. Code §3-6-9(a)(8)).

24. Enter results in the official record of canvass.

25. The declaration starts a 48-hour recount request period. You cannot certify a race until after the 48-hour recount request period has ended. (W. Va. Code §3-6-9(a)(8)(A)). You should set and announce a date and time to certify the results.

26. If a candidate demands a recount, you follow the procedures set forth in the Municipal Recount manual. At the end of the 48-hour period, the board of canvassers shall certify all races on a ballot that are not subject to a recount. Do not certify the recounted race(s) until after the recount process is complete.

27. Adjourn the board of canvassers after certification, publishing the official results by entering them into the minutes of the governing body on the same date of the certification. The certificates of the election showing official vote totals for all races must be available to the public at the office of the city or town recorder or municipal clerk. Upon request by a candidate, the governing body shall transmit (via mail, email, or any other method available) a copy of the certificates of the election.

28. Secure all election material for a minimum of 22 months following the election (W. Va. Code §3-6-9(i)).
Canvassing Provisional Ballots

The following is provided as guidance for deciding whether or not to count provisional ballots. In all instances it is the duty of the Board of Canvassers to evaluate the information provided and make the determination whether to count the ballot.
