February 8, 2021

Dear Majority Leader Schumer, Minority Leader McConnell, Speaker Pelosi, and House Minority Leader McCarthy:

We are writing you today to urge you to pass the “Keep Nine Amendment”, which simply states: “The Supreme Court of the United States shall be composed of nine Justices.”

In recent months, we have heard interest in and efforts to expand the size of the Supreme Court so that it may lean politically. Manipulating the size of the Supreme Court for political advantage would undermine both respect for the Court and the checks and balances system we rely on to protect our states and Constitutional liberties.

Election officials turned to the Supreme Court in several instances during the 2020 Election Cycle, and it is important that they have the ability to turn once again to a fair, unbiased Court in the future, if necessary.

Seeing as this legislation has been introduced and supported by bipartisan members of Congress, we are hopeful you, too, will vote in favor of this amendment to permanently preserve the current number of nine U.S. Supreme Court Justices.

Thank you for your consideration,
